DETAILED ACTION

Response to Arguments

1. Applicant's arguments filed on 9/26/2005 have been fully considered but they are not persuasive. The Applicant cancelled the previously pending claims and introduced new ones which had they been presented originally would have been subject to an election restriction requirement. Therefore the claims are withdrawn.

Election/Restrictions

2. Newly submitted claims 10-21 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the current claims are drawn towards tracking the first instrument towards a target site and corrective movements of the tracked instrument. The previous claims were directed to adjusting the position of a mechanical arm by viewing the target site and intervening tissue along a trajectory.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 10-21 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Conclusion

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO**

Art Unit: 3737

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
